

Wood chippers

Course information:

Our wood chipper courses offer far more than just the safe operation of this machine. A practical session in workshop conditions will show candidates the correct way to maintain the wood chipper so that the machine works efficiently and ensures the safety of both the operator and members of the public.

Our courses provide candidates with the knowledge and confidence to operate wood chippers safely and effectively, saving their employer time and money.

Who is the course for?

Dale Valley Training offer novice or refresher wood chipper courses.
