

## PA6AW – Spraying In or Near Water with Hand Held Applicators

### Course information:

This course prepares candidates to take their City & Guilds NPTC PA6AW Spraying In or Near Water with Hand Held Applicators Module Assessment.

#### NEW!

Our PA6A course now includes PA6AW module *Spraying in or near water*. We are currently registering this course with NRoSO and BASIS. Please contact us for details.

### Who is the course for?

Our PA6 AW course is suitable for candidates who hold their City & Guilds NPTC PA1 and PA6A qualifications and wish to use a knapsack or other hand held applicator in or near water. Candidates will be required to read a pesticide label and use a calculator during their PA6AW assessment.

Experienced operators may wish to attend our course as a refresher.

### Course objectives:

- ✓ To enable candidates to understand their duties as sprayer operatives under current legislation
- ✓ To prepare candidates to become a safe and competent sprayer operative.
- ✓ To thoroughly prepare candidates so that they pass their City & Guilds NPTC PA6AW Assessment

### Course content: (dependent upon machine type)

- Legislation
- The application of pesticides in or near water
  - Aquatic approvals
  - Environmental Agency approval
- Calibration
